Lythgoe Bourbon Unveils a Unique Investment Opportunity with Lythgoe Barrels 3 LP

[Greensboro, NC] — Lythgoe Bourbon, a pioneering women-founded, women-led and women-operated Bourbon company, is excited to announce the launch of Lythgoe Barrels 3 LP, an exclusive opportunity for Bourbon enthusiasts to invest in our unique spirit. This offering aligns with our mission of celebrating the rich history and future of women in whiskey alongside, of course, our male counterparts who share our passion.

Lythgoe Bourbon was born out of a question and a challenge: why aren't more Bourbons celebrating women? We answered by creating a brand that defies the old rules, cherishing the art of making and enjoying Bourbon in our own unique way. We source the finest Kentucky Bourbon and give it the time it needs to mature, believing that Mother Nature does her best work in the aging process.

Beginning in December 2023, we are thrilled to extend an invitation to invest in a part of this journey. Lythgoe Barrels 3 LP offers 90 barrels of premium Bourbon, each aged 5 years with a mashbill of 70% corn, 21% rye, and 9% malted barley. Priced at \$4,900 per barrel, this investment includes the cost of the Bourbon and covers storage, insurance, and relevant taxes over a five-year period.

This is more than an investment in a barrel of Bourbon; it's an investment in a movement. By joining Lythgoe Barrels 3 LP, you become part of a community that celebrates and amplifies the female voice in American whiskey. You are not just buying a barrel; you are buying into a belief — a belief in the exceptional quality of our product and the power of our story.

We invite female Bourbon drinkers and their male friends to join us in this exciting venture. Be a part of a community that appreciates fine Bourbon and cherishes the contribution of women to this age-old tradition. Let's raise a glass to a future where the spirit of inclusivity and quality reigns supreme.
